MISS ELEANOR SINGER SHOT ACCIDENTALLY; HUNTING BURGLARS

Started to Investigate Noise in Pittsburg Home, When
Revolver Caught in Night Clothes and Was Discharged.

HER CONDITION IS CRITICAL.

Bullet Was Removed by an Operation
at the East End Hospital Early this
Morning—Friends Here Were Sent
For.

Miss Eleanor Singer, daughter of Mrs. Jennie Singer and the late Dr. J. J. Singer, and sister of R. W. Singer of Greensburg, accidentally shot herself about 2 o'clock this morning at her home, No. 115 Maryland avenue, East End, Pittsburg, while she was investigating noises she thought came from burglars in the downstairs portion of the house. An operation was performed at the Pittsburg hospital and the bullet removed this morning. Miss Singer's condition at 12 o'clock was most critical. At the hospital it was stated that her wound is extremely critical and may result in death. News of the accident in Connellville caused the deepest sorrow for Miss Singer and the members of her family.

Miss Singer states that she was awakened about 2 o'clock this morning by noises she heard down stairs. She got up and taking a revolver along started down stairs to investigate. According to one report Miss Singer was snatching the revolver, which she did not know was loaded. Holding the weapon down, but so that it was in line with her body, the trigger came to a chamber that was loaded, and the weapon was discharged, the bullet striking Miss Singer in the abdomen.

Another story and the most likely one as given out by Inspector Walsh of the East End police station, who investigated the case, is that Miss Singer went down stairs with the loaded revolver in her hand. As she reached the swinging pantry door the revolver, which was cocked, caught in the folds of her night gown, and as she attempted to release it, the door swung back and the revolver was discharged.

Miss Singer and Miss Singer's sister, Miss Margaret Singer, were sleeping in rooms adjoining hers. They hurried down stairs when they heard the report of the pistol and Miss Singer's screams. Physicians were hurriedly summoned and Miss Singer was removed to the Pittsburg hospital when it was learned that an operation would have to be performed. The bullet was extracted from the back near the spine.

At one o'clock this afternoon Miss Singer's condition was unchanged. There is some hope for her recovery. At the Pittsburg hospital it was stated that her wound is extremely dangerous. Friends of the family who were summoned from Connellville were not given much hope for her recovery.

Miss Singer was a fearless girl and it does not surprise anyone who knew her that she would start after burglars in her home if she thought they were stealing in society circles in Connellville, Greensburg and the East End, Pittsburg, where she moved with her mother only a few months ago. It is the earnest hope of all that her strong constitution will pull her through.

CAUGHT IN THE ACT.

The lad who was caught is about 12 years old and lives at Truster. O'Bryon expects to get the other one sometime today. The boys had gained entrance to the store through the cellar beneath it. They were feeding on candy when seen by the officer. The boy arrested gave his name as Joe Cortili.

NIAGARA'S FUTURE.

A Notable Gathering at Brown Univer-
sity Will Discuss It in Con-
vention Today.

Special to The Courier.
PROVIDENCE, R. I., Nov. 19.—There was a notable gathering at Brown University today for the opening of the joint annual session of the American Civic Association and the National Municipal League. Those in attendance included scores of prominent men from nearly all sections of the United States and from Canada, drawn together by the common interest in the improvement of American cities and their better municipal government. An idea of the high personnel of the conference may be had from a mere mention of the names of the officers of the two organizations, included among whom were men of such prominence as Attorney General Charles J. Bonaparte, President Edmund C. Hughes of the University of Chicago, Clinton Rogers Woodruff of Philadelphia, George Foster Peck of New York, Franklin McVee of Chicago, H. Dickinson Smith of New Orleans, James D. Phelan of San Francisco and Albert Bushnell Hart of Cambridge Mass.

Among the leading topics for discussion at the four day's meeting of the American Civic Association are the municipal franchise, school gardens, increased forest recreational, rural improvement, and the permanent preservation of Niagara Falls in its natural beauty. The Niagara Falls matter, being of interest internationally, is by far the most important that will come before either of the conventions.

ADMITS HER GUILT.

Donora Girl is Arrested and Owes Up
to Stealing Articles.

WASHINGTON, Pa., Nov. 19.—(Special.)—When arrested on a charge of burglary, Alma Chester, an 18-year old Donora girl, admitted her guilt and declared she had been forced to turn burglar to provide for herself, having been driven from home by a drunken father.

The girl was first arrested last week by a woman whose home had been robbed, but when the true state of affairs was learned the victim of the robbery refused to prosecute.

But when the girl entered the Stickley building, broke open her trunk and rifled the contents, it was thought time to resort to stringent measures. The girl was arrested and stolen articles were found in her possession. She was taken to have her sent to receive punishment.

Mrs. Bradley testified that Brown intended marrying her after getting his divorce. She also testified that he introduced her as his wife when traveling.

She testified that Brown testified to Colonel Pittenger: "I say to you that my interest enemy will induce Mrs. Brown get a divorce within a week. If she does not get her divorce I will, for I will protect Mrs. Bradley and marry her."

The term in the story came when the witness was arrested in Salt Lake City, charged with adultery, explaining the recent beginning of Brower's changed attitude toward her. Later Mrs. Bradley testified that Brown deserted her. The story appeared to make a profound impression on the jury.

MRS. BRADLEY TAKES THE STAND.

Testifies in Her Own Behalf
Concerning Shooting of
Senator Brown.

SCENE INTENSELY DRAMATIC

When First Little Woman Describes
Life at Salt Lake City and Her Re-
lations With the Murdered Man.
Women Weep in Court Room.

Edited Press Telegram.
WASHINGTON, Nov. 19.—Mrs. Anna M. Bradley took the stand today in her own behalf during her trial for the shooting of Senator Brown of Utah. She spoke in a low voice, scarcely loud enough to be heard by the jury, and was very nervous. As she proceeded she regained confidence and smiled at her counsel as they led her through the questions.

She said she was born in Kansas City, Mo., 35 years ago. When a child she received an injury to her head. "The spot to this day is sensitive to touch," explained the little woman. She related her life at Salt Lake City, when she held a high social position and was greatly respected and honored. When asked about Brower, Mrs. Bradley stated that she and he were hardly able to continue. Asked to describe the nature of her affection for Brower, she testified:

"I could not describe the scene as intensely dramatic and pathetic and almost some in the end I was wept. Witness said Brower protested his love and began intimate relations in January, 1895. She testified that Brower told her he wanted to marry her and when she refused, Brower had been unable to secure any clue as to the whereabouts of Brower. Later another child was born, but previously to this the witness explained that an operation was performed at Brower's house. She explained that when Brower desired her when her second son was two weeks old and said he was proud of the boy, Mrs. Bradley declared that Brower controlled her absolutely.

WISE ESTATE.

An Effort Now Being Made to Have
Agreement Made by Defendant
Carried Out.

UNIONTOWN, Nov. 19.—In the estate of the late Joseph Wise of Smithfield T. O. Wise in his own behalf and as administrator of the deceased, had Attorney B. Dale Field present his answer Monday to the bill filed by the executor of the estate of Joseph Wise. Work should not make a device for the sale of certain real estate in the mountains. Joseph Wise died June 8, 1907, without making any provision for the carrying out of a certain agreement made by his agent, B. Dale Field, for the sale of the property to J. B. Anderson of Pittsburg.

The administrator says he never received any word from Anderson in effect that he desired to take the land in question and that since it was necessary for the payment of debts he was about to petition the court for leave to sell the real estate when a demand was made for the execution of the agreement presented for the sale of the property so that the estate may be settled up as speedily as possible.

FENCE STOPS FUGITIVE.

Tangled in Barbed Wire, Shooter is
Held Until Officers Arrive.

GREENSBURG, Nov. 19.—(Special.) The bars of a wire fence helped in the capture of John Chaboski, an alleged murderer at Exeter Tuesday night. Chaboski is alleged to have shot Alexander Sulbowski and fled. Two hundred yards from the scene of the shooting was a barbed wire fence.

Unable to see it in the darkness Chaboski ran into it at full speed. The bars held him fast and the more he struggled the deeper they worked into his flesh. When Constable Robert Painter started in pursuit he found Chaboski weak from loss of blood and his capture was easy. The shooting was the outcome of an old grudge.

MURDER SUSPECT.

Man Thought to be Guilty of Killing
Man at Greensburg.

Pittsburgh, James Martin last evening turned over to the Greensburg police a negro who he believed to have committed a murder in Allegheny county on September 21 last. The negro gives his name as James Brown and is about 27 years of age.

Martin was in the Merchants Hotel last evening about 8 o'clock, when he was tipped off by the colored porter that there was a murderer in sight and later Brown was pointed out as the bad man. The porter said he knew Brown and that he had a bad reputation. He stated that Brown came to the hotel early last evening, inquired for him and when he had located the porter demanded a place to sleep, stating that he had shot a man of unknown name.

Two Italians were held up by two colored men on the night of Saturday, September 21, and one of the Italians was shot by a negro and died later of his wounds. The Italian had been robbed of \$150. His companion escaped. A man named William Mitchell had been arrested on suspicion but was later released and the Pittsburgh officials had been unable to secure any clue as to the murderer. But it is believed in Uniontown that the colored man in the hotel was connected with the affair.

ITALIAN PLEADS GUILTY.

Was in Black Hand Conspiracy and
Confessed When Captured.

GREENSBURG, Nov. 19.—Sennio DeGrosso has entered a plea of guilty to the charge of conspiracy made against him by John Alberici, a wealthy Italian of Exeter, and the Commonwealth expects to secure convictions in the cases of six alleged members of the Black Hand Society, which made DeGrosso its headquarters.

DeGrosso was arrested by Sergeant Pitcher of Troop A, State Police, while he was extracting a dummy package of money from a hollow tree in a deserted stone quarry near Jeannette. A Black Hand letter demanded that Alberici place \$5,000 in the tree. The trial of the alleged leaders of the gang began yesterday afternoon. DeGrosso made a confession after being arrested, in which he implicated half a dozen of his associates.

The States in the Mississippi and Missouri valleys and those making up the western half of the country were represented by a large number of delegates, while from the East also there was a good attendance.

The program of the first day's proceedings included the annual address of H. D. Loveland of San Francisco, President of the Congress, who delivered his message at the opening session. Addresses of welcome and response occupied the greater part of the remainder of the session.

STOCKHOLDERS' MEETING.

Old Board of B. & O. Directors Elected
Yesterday.

At the annual meeting of the stockholders of the Baltimore & Ohio railroad yesterday 1,615,135 shares out of a total of 2,277,500 shares of stock outstanding were voted in the re-election of the Board of Directors. This vote of about 78 per cent, mostly by proxy, reflected confidence in the present management of the property, especially in view of the fact that there has been an increase of about \$300 in the total number of the share holders since the annual meeting of 1906.

IN POLICE COURT.

Burgess Solson Disposed of Cases
Before Him in Short Order
This Morning.

Burgess A. D. Solson hurried things along in police court this morning and disposed of the small line of common drunks in short order. As fast as the coppers could get persons a to the floor, just so long did it take to hand out those sugar coated 48 hour doses.

One case took longer than all the rest, and resulted in the unfortunate getting 30 days to the Uniontown jail. J. E. Zimmerman of Pine Mt. street, much half-drunken, braked and banged, was arrested on charges of drunkenness, disorderly conduct and fighting at home. His son, C. E. Zimmerman, was the principal witness against him. It appears that the older Zimmerman had been drinking a good bit of late and during his spree abused his wife. Yesterday afternoon he tried to break up housekeeping and the dishes, and in the police that ensued, the worst of the encounter.

It was stated that he hit his wife over the head several times and otherwise abused her. The defendant denied the allegations but evidence against him was so strong that Burgess Solson inflicted a severe fine.

George Williams of Philadelphia was tramping back to that city when he stopped off in town and took a few drinks. He had not eaten for three days and the latterly water got the best of him. He had been working at Gary, Ind., but said he was laid off with a number of other men. He got 15 hours.

Wyatt Burrell, a colored gentleman, also looked on the floor a good little too long and was pinched. He drew 15 hours to the bathhouse. James Dunn and John Sadler got the same sentence on similar charges.

DOG CENSUS.

By Actual Count of the Pittsburg
Brewery Drivers There Are
460 in Town.

A census of dogs in the four wards of Connellville has been taken by the drivers of the Pittsburg Brewery Company in Connellville. According to their census there are just 460 dogs in Connellville. Of this number an overwhelming larger number are worthless curs that are not registered and quite a number of them have no one they could claim as master.

The census of the dogs in Connellville was made as a result of two drivers being bitten last week on consecutive days as they were going about their work. Tom Droney was severely bitten on Eighth street and Aaron Congheney was painfully bitten on Prospect street.

There are hardly 25 dogs registered in Connellville borough. The tax could be collected on the 460 dogs in Connellville and would make a tidy sum.

Criminal Trials is the Present
Schedule—Burgess of Fayette City
is Appointed—Other Notes.

UNIONTOWN, Nov. 19.—The friend who sought to interfere on the part of an abandoned child when it was about to be adopted by Friendsville parties, arrived too late this morning. The petition of Mr. and Mrs. William Recknor of Friendsville to adopt William Rowan, who for several years has been in charge of the poor directors and "Children's Aid Society of Uniontown" was approved by Judge Umbel. Just as the decree was being made, Attorney George Patterson interrupted with the assertion that a woman named Hensch, a friend of Rowan's, had arrived and desired to take charge of the child.

"She comes too late," remarked the Judge Umbel as he handed down the decree. "The lad has been neglected for several years and this is no time for friends of his trial to come forward. I know Mr. Recknor and went to school with him for several years. He will give the boy a splendid home. For the time being this adoption shall stand but at some subsequent date it may be resumed by petition."

At the close of the session this morning Judge Umbel announced that next Tuesday the trial list for the first week in December will be called over in order to get a list of the work that is to be done. The December term will open with one week of civil court, then two weeks of criminal trials. After the Christmas holidays there will be two more weeks of civil court.
